### **Milwaukee County Sheriff's Office Arrests Inmate Who Walks Away from Community Corrections Facility**

MILWAUKEE – On Tuesday evening, a Milwaukee County Sheriff's deputy on patrol near the northbound I-43 /North Avenue off-ramp noticed a vehicle that appeared to be involved in an accident. As the deputy approached the vehicle, a suspect began to shed his clothes and walk towards the deputy with his hands in his pockets. The suspect turned and ran across North Avenue where he once again reached into his pocket and turned to the deputy. The deputy perceived this as a threat to his safety and deployed a Taser, striking the suspect in the thigh area.

Deputies later determined that the suspect, 41-year-old Kenny Glenn, walked away from the Community Correctional Facility (C.C.C.) and a warrant had been issued for his arrest. Glenn was sentenced to the C.C.C. for an OWI – 3<sup>rd</sup>.

"While an OWI subject would appear to be good fit for a program of this type, I would think that any subject with multiple felony convictions including an *escape* charge would be barred from a program that requires self discipline and trust-worthiness for success," Milwaukee County Sheriff David A. Clarke says. "I'm glad none of my officers were injured while taking this subject back into custody where he belonged. The whole Huber set up has to be reformed. It's being abused."
